Attendees receive: CD (Mac and Windows compatible) with lesson files, notes and instructions. Seating is limited to nine students. Individual student fee is \$299. \$279 per student for 3 or more. Educators are eligible for 25% off the individual fee per registering attendee for Intro and Intermediate classes. ComputerTree reserves the right to reschedule class dates with 72 hr. notice, due to low enrollment.

About the instructor: Mical Fowler is a thought leader and reformed Art Director who has been shaking up the graphics status quo since the Macintosh appeared in 1984. Equally at home in print, multimedia and video design and production, he has taught hundreds of classes in professional graphics applications, including Photoshop®, InDesign®, Illustrator®, Acrobat®, Final Cut Pro®, Dreamweaver®, Flash® and others.

Final Cut Pro® is a trademark of Apple Computer, Inc., registered in the U.S. and other countries. Photoshop®, InDesign®, Illustrator®, Acrobat®, Dreamweaver®, Flash® are trademarks and property of Adobe Systems Incorporated or other third parties registered in the U.S. and other countries.
