## INDESIGN® CS2 EXTREME

**INDESIGN CS2 EXTREME** is a custom class only. Students are assisted in building (or modifying) an actual project, based on training to a custom outline.

**Prerequisites: Welcome to InDesign CS2 and InDesign CS2 Intermediate or equivalent experience.**

Attendees are welcome to bring and use their MacBooks or other laptops if they wish. Training and handouts are designed for the latest versions of **InDesign CS2®**.

### INDESIGN EXTREME

(6 Hour Hands-on course)

This is a day-long CUSTOM session dedicated to building (or modifying) an actual project. Goals and parameters are determined in advance, on a case-by-case basis. Custom training rates vary by subject and number of students, starting at \$1100 per day. To quote your custom training, contact us at [training@computertree.com](mailto:training@computertree.com).

**Attendees receive:** CD (Mac and Windows compatible) with lesson files, notes and instructions. Seating is limited to nine students. Individual student fee is \$299. \$279 per student for 3 or more. Educators are eligible for 25% off the individual fee per registering attendee for Intro and Intermediate classes. ComputerTree reserves the right to reschedule class dates with 72 hr. notice, due to low enrollment.

**About the instructor:** *Mical Fowler is a thought leader and reformed Art Director who has been shaking up the graphics status quo since the Macintosh appeared in 1984. Equally at home in print, multimedia and video design and production, he has taught hundreds of classes in professional graphics applications, including Photoshop®, InDesign®, Illustrator®, Acrobat®, Final Cut Pro®, Dreamweaver®, Flash® and others.*
